- 134 106 vyacheslav solovyev on controversy over how to mark gosr anniv on nov 7, noting lack of causes for celebration this year, pointing out it is no longer possible to celebrate events 73 years ago as a historic breakthrough, but marking them as installation of a totalitarian regime would only add to confrontation in an already disunited society, quoting ryzhkov stv intvw that playing down date would amount to disrespect for ppl who gave their lives for their nation, stressing that differences in attitudes to event should not hinder common sense and responsibility, for, in a civilized society, disagreement should not erupt into clashes.
